

I am Marjorie Clark, a retired educator from Chesterfield County. I would very much appreciate your vote to be a delegate to the VEA State Convention in 2014. Since retiring from teaching English and being a librarian for over thirty years, both in Richmond city and in Chesterfield, I have been active in VEA-Retired. I have served as the Retired representative to the VEA Fund Board and have been on the VEA-Retired Board. Because I live close to Richmond, I am able to lobby legislators and to attend budget sessions and committee meetings that affect educators. I have participated in interviews and recommendations for endorsement of statewide candidates and for many "Friends of Education." I have also coordinated the VEA-Retired efforts to raise PAC contributions from our delegation at state conventions for the past ten years. Please elect me as a State Convention attendee so that I will be able to continue these activities.
